Students listed in art can access the discounted catering service. 2 point 2.1, in possession of the identification card specially issued by Erdis in accordance with the payment of the regional tax on the right to university study at the institution to which they are enrolled, the students indicated in art. 2 point 2.2 letter b), as well as PhDs paying the regional tax and students indicated in paragraph 2.2 of the competition call for the accommodation service 2020/2021 (students enrolled for A.A. 2019/2020 in the last year of the course dispensed from the renewal of enrolment for a.a. 2020/2021).

Art. 4 HOW TO SUBMIT your APPLICATION

4.1 Students who do not have the identification card issued by Erdis and those who sign up for the first time must apply online by connecting to the institution's website at all times of the academic year.

4.2 How to access the online application is shown on the institution's portal.

Applications submitted in a manner other than those described below will not be considered.

4.3 The student, after logging in to the website and before compiling, will have to authenticate with the system provided by the Marche Region called "Cohesion 2.0" which provides the following modes:

- **DEBOLE use with User and Password.**

This type of account can be obtained directly online by creating your own user based on the Tax Code. The procedure for obtaining your password is then indicated by e-mail.

- **FORTE authentication with Raphael Pin**

In this case, it is necessary to go to an authorised LRA (Local Registration Authority) whose list is visible on the www.cartaraffaello.it website, or at the front office counters of the right to study of the Marche Region, equipped with an official document in progress (Identity Card, Passport) and a document confirming your Tax Code.

The credentials mentioned will be released: a first part in print format and a second part via e-mail.

The release of these credentials is free and applies forever until the holder is revoked.

- **Autenticazione forte con OTP - (Pin OTP)**

The Cohesion - **One Time Password OTP** authentication mode, unlike the Raphael Pin triad, is a credential valid only for a single logon session. OTP, unlike static credentials, cannot be stored, so it requires additional technology to be generated and used at every time you log in. In particular, the Google Authenticator APP is required to be installed on your smart phone and still have a Pin code for the first time.

- **FORTE authentication using Smart-Card**

If you have a Smart Card reader and you already have a card recognized by the Cohesion-2 system, you can authenticate using it.

- **For the 2020/2021 academic year, the student can authenticate, including with the Public Digital Identity System (SPID) which allows different types of authentication according to the following levels of the same Spid:**

- **DEBOLE authentication with Level 1 Spid**
- **FORTE authentication with Level 2 and Level 3 Spid**

To obtain your SPID, you can refer to the site www.spid.gov.it where you can find all the operational information and the list of accredited providers.
